

AMENDMENT TO THE SPECIFICATION

Please replace the paragraph at page 1 immediately following the priority paragraph with the following rewritten paragraph.

The file copy of the sequence listing is submitted on a Compact-Disc Read Only Memory (CD-ROM). The sequence listing is saved as an ASCII DOS text file named 40792A sequence listing.txt (443 KB), which was created on July 27, 2006. The contents of the CD-ROM are incorporated herein by reference in its entirety. A substitute sequence listing is submitted via the Electronic Filing System Web (EFS-Web) as an ASCII DOS text file named 40792A.txt (442 KB). The substitute sequence listing was created on September 10, 2007.

AMENDMENT TO THE SEQUENCE LISTING

Please replace the sequence listing submitted on July 27, 2006 on CD-ROM in ASCII DOS text format (filename: 40792Asequencelisting.txt; 443KB) with the substitute sequence listing (filename: 40792A.txt; size: 442 KB) submitted herewith in ASCII DOS text format.
